

December 7, 2021

Dear Members,

Once again, your Board of Directors discussed **our Covid-19 Restrictions** and voted to extend them **until May 1, 2021**. This decision was not made lightly. We continue our unanimous resolve to protect you, your families, and the Greater Naples Community above all other considerations.

These restrictions include face-to-face meetings, educational events, class social meetings and organizational events. All may continue to be held virtually.

We will monitor and adjust this decision when and if it can be done safely and in your best interest. In the meantime, we encourage you to keep following the CDC Department of Health recommendations, stay safe and keep up your good spirits. There is a promise of a healthier future on the horizon.

With best wishes,

A handwritten signature in cursive script, appearing to read "Sue Dillon".
